THE YEARS OF TIME

Mrs. Anna L. Price
To tread the dry and rustling leaves. In Autumn's other days. Was a childhood joy to me. The golden sunshine rifting thro' the tall and empty trees: The dry leaves are around me now, And rustle as before, I feel the beauty of it all, But my hair is silvered o'er.

The trees in any garb are friends. Their voices musical, A sentinel each quiet hill, And whether we be young or old, Nature's our comrade still. We are but children, all of us, Some larger grown and wise. And Father's house so beautiful, Is near us, in the skies.

In loving remembrance of Mrs. I. W. Osborne, who departed this life on Friday evening, October 18, 1918, at her home at Spanish Run, after a short illness of Spanish influenza. Her death came as a great shock to her many friends in this community, as no one thought her condition serious. She was a member of the M. E. Church South, a faithful Christian, a devoted wife, affectionate mother, and kind neighbor, and to know Mrs. Osborne was to love her.

The funeral service was conducted at the home by Rev. W. D. Eye, of Hillsboro, after which the remains were sent to the family cemetery in Kentucky for interment.

She leaves to deeply mourn her loss her husband and five children, namely Thelma, 13; Zelma, 11; Belva, 8; Woodrow, 5; Lattice, 3; a father and mother. Mr. and Mrs. O. H. Downing, Korea, Ky.; six brothers, J. M. Downing, Seebert, W. Va.; Claude Downing, O. D. Downing, Demostom Ky.; Noah Downing, Wellington, Ky.; Hedrick Downing, Korea, Ky.; sisters Mrs. Mary Bach, Frenchburg, Ky.; Mrs. Nancy Ladson, Middleton, Ohio; Mrs. Lula Moore, Wellington, Ky., and Miss Ella, at home.

May God comfort them in their dark hour of bereavement. A precious one from us is gone, The voice we loved is still, A place is vacant in our home That never can be filled.

FROM SOLDIERS

October 22, 1918.
Dear Editor and Friends:
I will try and give you a few tidbits from camp. I feel pretty good now, not very strong yet. The flu and fever is getting lots better here now but we sure did have lots of it for some time. We do not see so many visitors in camp now. They can't get in without a pass.

I hope the health of the people in old Pocahontas is good. Lots of the boys died here. It sure was some place to be in the hospital when it was full. It sure did try your nerves. They treat our boys pretty good since we got out of the hospital. We do not have to drill but one hour a day now. I don't know if any of the Pocahontas boys died here or not. I cannot get out to see. I want to get out and see if I can find any of them as soon as I can. I have been out of duty for three weeks and don't know when they will send me back to my company as they are out on the range. It is getting pretty cool up here now.

It is supper time here now and you ought to see them going in. I will close for this time. Hoping this will find everyone well as yours with Uncle Sam.

Private Henry M. Gilmore,
Co. K. 72 Infantry,
Camp Mead, Maryland.

Editor Times:
As I haven't seen any sailor's letters in the Times, will try to give you a few items. If you have any extra space in your valuable paper you may fill in with this.

I wish to inform all my friends that I like the navy fine so far. One wishing to enlist could not choose a better branch of the service.

I am in the submarine flotilla. My ship is a submarine tender. Some of you may not understand Navy brogue so I will explain. A submarine cannot carry enough fuel and food to last very long, so they have to have a tender to carry it for them. We are near where our submarines operate all the time, and anything they need can be readily obtained from our ship. We can also explain how a German Sub went to Davy Jones' locker when she got too close to one of the submarines of our flotilla off Virginia coast.

Sailors who have returned from French and English ports are authority for the statement that America's participation in the work of bottling up the German fleet and doing patrol and destroyer duty in foreign waters is much greater than those in the U. S. realize. Fully 50 per cent of the force guarding the approaches to the North Sea is American. U. S.

destroyers convoy our merchant ships and transports into French and English ports. Our big battle ships are splendidly handled, ready and anxiously waiting for any eventuality. Our oil burning destroyers are the most potent, swiftest, most alert craft of their kind in the world. Our great battle ships are now in the war zone doing their work and doing it well, say the English and French.

Some people see only through khaki colored glasses and say that the sailors are not playing a very important part in the present war, so we do not get the credit that brothers in the trenches get. Though we are not going to cry about it. You can't get a sailor's grub.

Our navy is prepared for war; it is a sacred tradition with the navy to always be prepared. The navy has always lived up to its tradition. It has done well—how well, you on land cannot know. When the full history of the war is written, the part that our navy has played in putting under the submarines and putting over the troops will be known. It will be a glorious page for our navy. All patriotic Americans should appreciate and applaud for the navy, for what it is doing in its efficient, unadvertised way.

Well it is about time for the lights to go out, so will retire. O yes, we sleep in hammock swung about nine feet above deck. We get in the best way that we can and the easiest way to get out is to fall out.

Will be glad to correspond with any of my friends in old Pocahontas and will never forget the Switzerland of America, the Little Mountain State.

Noel E. Phillips,
Sea, 2nd U. S. S., U. S. S. Fulton,
In care of P. M. at New York City.

How to Freshen and Renew a Lawn.
A lawn can be kept in a constantly green and flourishing condition provided fresh lawn grass seed is sown at different periods throughout the year, particularly in the spring and fall. The best time to sow the grass seed is during a rainy spell and directly after cutting the lawn, although this is not necessary. Some of the best lawns in Richmond are kept in a constantly green and vigorous condition in this way, and we strongly recommend to our customers who desire to preserve their lawns in good condition that they sow fresh seed occasionally at the top of their lawns, at the same time sweep away bare spots and applying a light application of our Lawn Fertilizer.
